

# How to Prepare for your IME Appointment

Wear comfortable clothings as you will undergo a physical exam during your appointment.

Bring all imaging reports (X-rays, MRIs, or discs) and medical records you have on file.

Confirm your appointment location the day prior to your appointment, and let us or your attorney know if you need to reschedule.

As there may be a slight wait time, we recommend bringing a book or activity you can do before your scheduled appointment.
